

GLOBAL
PT PROVIDER(P) LTD.

AN ISO 9001 : 2008 CERTIFIED COMPANY

**PROFICIENCY TESTING PROVIDER &
REFERENCE MATERIAL PRODUCER**

STRIVING TOWARDS LABORATORY COMPETENCY

About Us

GLOBAL PT Provider is an independent Proficiency Testing Provider to the Laboratories to check lab performance by means of inter-lab comparison. It includes inter-laboratory comparison exercise in which homogeneous samples are circulated to the participating laboratories; results are then collected and evaluated centrally. The Proficiency Testing Programme is conducted in conformance to ISO 17043:2010.

Our Vision

Produce Reference Material in India in the field of Mechanical, Chemical & NDT testing & as well as getting accreditation as per ISO Guide-34.

Chemical , Mechanical & Non Destructive Testing on Ferrous & Non-Ferrous Material & Calibration PT Program .

- Chemical analysis of Ferrous & Non ferrous Material
- Mechanical testing (Tensile Properties, Impact, Hardness) of Ferrous & Non ferrous Material
- NDT testing (X-Ray, Ultrasonic Test, MPI).
- Chemical analysis of food Material (Pesticides, Heavy Metals, Energy Parameters etc)
- Physiochemical Parameters in Water
- Mass Calibration, Pressure Calibration, Thermal Calibration

Potential Benefits of the Participating in a PT Program

- Confirming competent performance
- Identifying testing or measurement problems
- Comparing methods and procedures
- Improving performance
- Educating staff
- Instilling confidence in staff, management and external users of laboratory services
- Comparing operator capabilities
- Generating reference materials
- Determining method precision and accuracy
- Satisfying regulators and accreditation bodies
- Providing laboratories with additional risk management

Our Services

Reference Material Producer

Global PT Provider (GPTP) has recently emerged as Reference Material Producer and implementing the system as per ISO Guide 34 to getting the NABL accreditation. GPTP with an aim to strengthen the Laboratories capability to produce reliable and accurate results which can be done with the availability of reliable reference materials with proven property values.

Our Major valuable Participants

Global PT Provider (P) Ltd
